

Here at First Coast Mohs, your health and wellness are extremely important to us!

First and foremost, First Coast Mohs's number one priority is the safety and well-being of our patients, staff, and the communities in which we live and work.

As the Coronavirus (COVID-19) continues to spread in the U.S. and across the world, we want to take a moment to let you know what First Coast Mohs is doing to respond to this public health emergency.

We are taking all precautionary measures with our cleaning services and extra sanitation of our facilities.

Additionally, we need your help keeping our office free of COVID-19.

If you have a fever, cough, shortness of breath or recently traveled commercially on a plane or cruise within the U.S. or out of the country within the last two weeks; please contact us so that we can reschedule your appointment.

Thank you, Dr. Scott Warren and the FCM Staff
